GET GOLF READY

Is a five lesson session of group instruction designed for the beginner golfer which includes on course activities during each of the five lessons. Additionally students will receive instruction on the rules and etiquette of the game. The professionally designed curriculum flows with instruction of skills beginning on the putting green and working back to the teeing ground. The fifth lesson will conclude with students playing 1-2 holes with on-course instruction.

Upon completion of the course students will know:

- Basic skills and foundation to play the game
- Know how to keep score
- What to do when arriving at the course
- Understand the difference between clubs
- Know the importance of “ready golf”
- Understand proper usage of golf carts
- Remember safety tips
- Understand various markings on the golf course
- Know how to comfortably execute basic golf shots
- Have an appreciation for the rules and etiquette of the game.

| • Bunkers | * Playing Golf |
| • Keeping Score | * Navigating the course |

Cost of \$99/player. Clinics beginning May 2018

* times and days can be changed to accommodate groups

THE FUTURE OF FITTING AND TEACHING HAS ARRIVED

FlightScope golf lessons help golfers improve their impact awareness by providing precise information to improve their game. This state-of-the-art technology provides golfers with detailed information on their golf swing and the flight of the golf ball after impact.

FlightScope uses Doppler Radar to record 3D data relating to both the golf club and the golf ball. Utilized by PGA Tour Professionals around the world, the FlightScope is the best fitting and teaching tool on the market today. Students and instructors receive instant feedback and data on every swing and every club in your bag. Measuring: Angle of Attack, Path, Plane, Face Angle at Impact, Ball Flight, Clubhead Speed, Smash Factor, Carry Yardage, Total Yardage, Lateral Deviation, Launch Angle, Ball Speed, Spin Axis and Vertical Decent.

Book your FlightScope Lesson at Woodside Golf Course today and you'll likely drop 3-5 strokes from your score instantly without making one single swing change.

How? By finding the yardages that you consistently hit each club in your bag. "Underclubbing" easily costs players a handful of strokes every round that they play and it is totally avoidable! Studies show that knowing the correct yardages of all clubs allows the player to make better club choice decisions while playing, which in turn allow more greens to be hit equaling lower scores!

MEET OUR INSTRUCTORS

KURTIS FOOTE HEAD GOLF PROFESSIONAL

Kurtis is entering his 21st year as a member of the PGA of Canada and his 2nd year at Woodside. Coming from a military family, Kurtis was born in Edmonton and was fortunate enough to grow up in other cities across Canada, as well as overseas. He attended Grant McEwan College in Edmonton, enrolling in the Professional Golf Management Program.

Kurtis honed his craft from time spent at Lancaster Park Golf Club, The Elks Lodge (now the Winston), Lakeside Greens and the Earl Grey Golf Club. He is excited to continue his time here at Woodside.

Along with golf, Kurtis actively enjoys hockey, racquet sports, cooking and traveling - when time permits. He currently resides in the north west community of Tuscany with his wife Stephanie and 2 step children, Madelyn and Austin. He enjoys teaching the game of golf to players of all ages and abilities with a straight forward and simple teaching philosophy built around maximizing power while minimizing overall effort. Kurtis also thrives on playing tournament golf, with several professional wins on his playing resume.

TREY LIDBURY ASSISTANT GOLF PROFESSIONAL

Trey is entering his 2nd year with Woodside Golf Course. Although born in Calgary, he spent his younger years in Yellowknife before his family moved back to Airdrie in 2002. Living adjacent to the 8th tee box, it was an easy decision to begin golfing at Woodside where he eventually captured the Junior Club Championship in 2010. Trey attended Grant MacEwan University on a Volleyball Scholarship, graduating with a Professional Golf Management Diploma.

Prior to his return to Woodside as a Professional, he gained experience working at the Belvedere Golf Club in Sherwood Park followed by some time at the Earl Grey Golf Club. Battling the ever present wind, he passed his Playing Ability Test (PAT) in 2017 right here at Woodside. If you can't find Trey at the golf course, there is a good chance he is on the Bow River fly fishing.

MEET OUR INSTRUCTORS

MICHAEL MCEACHERN ASSISTANT GOLF PROFESSIONAL

Michael was born and raised in Miramichi, New Brunswick where his passion for golf exploded while growing into an established junior player. Following his time at Dalhousie University, completing a Bachelor of Science degree, Michael found himself in search of work in Calgary a mere month later. As he tried his hand within other industries, although successful, he quickly found that his true calling echoed in his mind, GOLF. He successfully passed his Playing Ability Test (PAT) as low medalist in 2017 while working at the Glencoe G&CC.

Michael is entering into his first year at Woodside Golf Course and is looking forward to meeting and teaching as many people as he can. Along with the business side of golf, the prospect of increasing his teaching skills brings him incredible joy. “It allows me to help people get better at a game they are passionate about.” As for free time, he can usually be found practicing at the course or testing new beers at a local microbrewery.
